

THE DIOCESE OF BELLEVILLE

FACILITATOR OPPORTUNITY: Come join this Ministry!

Facilitating the Initial Child Protection Policy Training is a rewarding experience. *This is an opportunity* to share the knowledge of the steps we can all take to help prevent child abuse and neglect and also assist the diocese in complying with the Bishop's Charter for the Protection of Children and Young People. Please take a moment to consider becoming a part of this significant ministry for the Church.

The Initial Child Protection Policy Training is an ongoing ministry presented to individuals in the parish, school or agency who will have substantial contact with children/youth. In light of the continuing need for training, it would be most advantageous for the program to have more trained facilitators within each cluster. Having a trained facilitator will positively effect the timely presentation of the program as a customary part of the employment or volunteer process and decrease some of the travel on the part of employees and volunteers. More facilitators will allow for more trainings, more frequently in each part of the diocese.

TIME COMMITMENT: Based upon need of your cluster, I recommend 1 per quarter
