NCYC

The National Catholic Youth Conference was an amazing success. Read this [recap](#) from one of the participants to find out how the conference not only affected our youth, but our adults as well. **Mark your calendars now for the next NCYC 2013 which will be back in Indianapolis, IN.** Let's break our record of five absolutely full bus loads!

March for Life

In collaboration with the Respect Life Office and the Belleville area Right to Life, the Office of youth ministry invites youth from across the diocese to make a holy pilgrimage to Washington DC to defend of the unborn and everyone's right to life. This is an amazingly rich experience that will allow the youth to not only attend an exciting youth rally, but to actually put our faith into action. The March for Life blends the experience of our faith and our civic responsibility. Space is limited. You can find more information in the Respect Life Office section of this mailing.
